LANGUAGES

English, Hindi, Marathi, Japanese (Basic)

PROJECTS

ParkEz: (PHP & MySql) - Created an online parking reservation platform using PHP and MySQL for efficient parking management. (https://github.com/HeyFang/parkEz)

BombSquad Modded Server Scripts: (Python) - Developed custom Python scripts to enhance and optimize a vanilla version of the BombSquad game server. (https://github.com/HeyFang/bombsquad-modded-server-scripts)

Cyklon: (JavaScript) - Built a Discord bot using JavaScript to display live Minecraft server stats and automate community interactions. (https://github.com/HeyFang/Cyklon)

HANDS-ON EXPERIENCE

Programming & Scripting
- Developed Python scripts for automation, game modding, and server management, enhancing performance and user engagement.
- Built a range of web applications using PHP, MySQL, HTML, CSS, JS and other modern web technologies.

Game Development & Modding
- Modified game server features to add custom functionality, introducing custom features and optimizing server-side processes.
- Worked with APIs and Ballistica Game Engine to make gameplay smoother and add exciting features for BombSquad Game servers.

Bot Development
- Created Discord bots with Python and JavaScript to auto moderate servers, display live stats, automate tasks, and engage communities.
- Added features like real-time data updates, interactive commands, and event alerts to boost server activity.

Web Development
- Developed responsive websites using HTML, CSS, JS, MySQL and PHP, ReactJS, MERN Stack, etc. ensuring optimal user experience across devices.
- Designed user-friendly interfaces for projects like ParkEz: A parking reservation System and other personal projects.

SKILLS

Programming
- Python, JavaScript, Java, PHP, MySQL, HTML, CSS, C, C++…
- Frameworks & Libraries: React, MERN Stack, Tailwind, Bootstrap…

Softwares
- Blender (3D modeling and design), Figma, Krita, PaintTool SAI, IntelliJ IDEA, PyCharm, PHP Storm, VSCode…
- Tools & Environments: Git, Github, LazyGit, Vim…

Game Engines
- Ballistica

Soft Skills
- Strong communication skills, Managed and moderated multiple Discord servers, demonstrating leadership and community management abilities.
